COMPOSITE DOORS

A Proven Pedigree

We build value into building products and raise the bar on quality and performance.

Wide Selection of Door Styles

We have developed a range of traditional and contemporary door styles that will suit all tastes, house styles and budgets. Many of these styles are unique to us and include both glazed and unglazed options.

Two Finishes

Available in either a woodgrain or smooth finish, the 2mm thick GRP door skin is maintenance free and hard wearing. GRP is resistant to knocks and dents and looks like

Infinite Choice of Colours

Coated using a hard-wearing Polyurethane paint system similar to that used in the yacht industry, our doors are all available in a wide range of pre-finished colour options as well as our TrueGrain wood effect. All doors finished using our proprietary paint system come with a 10 year warranty against fade, loss of gloss and adhesion. (See page 4).

Four Glazing Frames

All glazed options are fitted using industry leading PAS 24 Compliant glazing cassettes from ODL. Many of our doors now come as standard with the new, contemporary, low profile Spotlights® or ZEEL® options. For our more traditional door styles, we use the industry leading sculptured TriSYS® system. (See page 58)

Extensive Range of Decorative Glass

Our doors come with the a wide variety of unique decorative glass options that have been carefully designed to work with the various door styles. Whether it is traditional, contemporary or minimalist, we have options to cover all tastes and design styles.

Door Styles & Colours

With a vast selection of styles, an infinite choice of colours to choose from and even more online, our range of Contemporary and Traditional door designs feature smooth or woodgrain finishes. Coupled with our TriSYS®, ZEEL®, Spotlights® or Craftsman glazing frames, you are sure to find the perfect match to your home.

The Simply Modern COLLECTION

The Simply Modern Collection of doors is based on the classic mid-century modern look. A timeless design that creates an elegant architectural feature to the entrance of any home.

Defined by the clean lines of the Deco and Moderne door slabs and coupled with the sleek appearance of ODL Spotlights® and ZEEL® glazing systems. These combined elements make for simply stunning door designs on the leading edge of style trends.

From minimal to expansive glass panels each door includes multiple glass panels in either vertical or horizontal positions.

Coupled with the simplicity of clear or satin glass, the designs of the Simply Modern door collection creates a look of elegance and style.

Custom Etch Letters and Numbers

Custom Etch Letters and Numbers are available in a range of 4 standard styles (and 5 typefaces) ranging from traditional to contemporary and make a striking statement whether used in the door glass itself or in the sidelights/toplights.

We offer standard sizes for many of our most popular door configurations and also offer a custom size service for use in Toplights, Sidelights and for other door glass sizes.

Our range of styles have clear numbers on a sandblasted background, but negative versions with sandblasted characters on a clear background are also available.

All our custom etch designs are produced using sandblast techniques and with our computer designed 'resist' cutter, we can ensure perfectly created letters and numbers every time.

Once the design is created, it is then incorporated within a high performance insulated glass unit using warm edge spacer and low E glass. For sidelights and areas where extra security may be required, we also offer the range in our Security+ laminated glass units.

Technical Specifications

The Capstone 44mm Door

Manufactured using grained and smooth 2mm thick impact resistant GRP SMC skins and are available in a wide variety of styles and colours including wood stains. Stiles and Rails are manufactured from a water-resistant pure PVC polymer and reinforced using LVL (laminated veneered lumber) timbers with a minimum density of 570 kg/m³.

The SMC skins and sub frame door assembly are fully bonded using a Urethane Adhesive Resin.

The door is filled with CFC-Free Polyurethane foam, a superb insulation material which vastly reduces the transfer of heat through the door. With a density 44.5 - 45.5 kg/m³ this provides insulation that as part of a doorset assembly achieve a U value as low as 0.8W/m²k

Security

The door slab along with the glazing system are major components of any doorset. The Capstone slab using the SecureDesign board reinforcing and coupled with the ODL glazing cassette systems is a proven combination for achieving a security level to PAS24:2016 the industries enhanced security standard which is a requirement to achieve certification for Secured by Design the police initiative to protect against unlawful entry of a property and Document Q of the Building Regulations.

The Capstone door slab is manufactured as part of the BM Trada Q-Mark scheme for quality, allowing to us to have full traceability for all factory processes.

Glazing and Ancillary Options

Frames: Glazing cassettes used to frame our glass are available in four options (door design dependent) and are fully de-glazeable (except ZEEL®) should there be need to change the glass design.

Dentil Shelf (Trafalgar Square): Architecturally-correct to enhance the look of the Craftsman style door.

Manufactured from GRP SMC in a wood grain finish to complement the Craftsman door. Screw-fixed into the SecureDesign board and supplied with matching screw hole covers.

Glass

All the double and triple glazed units used in our doors are manufactured to the highest standard and come with recognised accreditations for performance, strength and thermal efficiency.

All units are made with toughened glass which is up to 5 times stronger than ordinary annealed glass and complies with EN12150, the International standard for safety glass.

For an enhanced security option, glazing options can be supplied with an upgrade where the outer pane of toughened glass is replaced with 6.8mm laminated glass comprising of two sheets of annealed glass bonded together with a vinyl plastic interlayer which eliminates any attempt to break through when under attack.

All sealed units are manufactured to the BS EN1279, a standard which guarantees the quality of components and most importantly the seal, which comes with a manufacturer's 10-year warranty.

	Maximum Width	Minimum Width	Maximum Height	Minimum Height
All door designs with the exception below	904mm	682mm	2013mm	1913mm
Brunswick Collingwood Dalton Deco Duke Deco George Deco Stanley East Waterloo Gladstone Harrington Langton Lansing Salisbury Sandon West Waterloo	904mm	740mm (720mm if using a 35mm backset lock)	2013mm	1913mm
Coburg	904mm	790mm (770mm if using a 35mm backset lock)	2013mm	1913mm
Trafalgar Trafalgar Square	904mm	814mm	2013mm	1913mm
Moderne Albert Moderne Alexandra Moderne Victoria	904mm	740mm	2013mm	1913mm
Canton Flint Howell Monroe	904mm	682mm	2013mm	1913mm
Side Panels	350mm	327mm	2013mm	1913mm

For French Doors, the maximum combined door slab sizes using Winkhaus Fab locking system is 1820mm.

Minimum combined slab size 1376mm. Sizes relative to all door slab designs. For Trafalgar doors supplied with a Dentil Shelf, the cylinder position will be no higher than 1350mm from the bottom of the door.

Care and Maintenance

To keep your door in great condition, there is minimal requirement for maintenance. Frequency may depend on surrounding conditions such as a coastal locations or nearby industrial activities.

The following steps should be used as guide:

- Door frames should be washed with warm soapy water, stubborn stains can be removed using specialist PVC-u cleaners and by following the manufacturers' guidelines.
- The door leaf should only be cleaned using warm water or non-aggressive composite door wipes. No solvent-based or abrasive products should be used at any time.
- Glass surfaces should be cleaned with warm soapy water and or a proprietary glass cleaner.
- Hardware can be wiped clean. No harsh chemicals or abrasives should be used as this will damage any protective coating.
- Moving parts should be lubricated with a light engineering oil.
- Maintenance of the door may be required to maintain any guarantees from the installer.

Certification.

The Capstone door slab is manufactured as part of the BM Trada Q-Mark scheme allowing to us to have full manufacturing traceability.

Capstone and ODL Europe operate certified management systems to ISO 9001 and ISO 14001 and are members of the ACDM (Association of Composite Door Manufacturers) All timbers used in the manufacturing of the Capstone door slab are subject to FSC® chain of custody ensuring they are from sustainable sources.
